May flowers, queen of May and Book here will soon be on tap.

Dr. Daily is the Salina correspondent of the Kansas City Journal.

Kendall horse books still on hand for distribution among subscribers.

Judge Hanback heard Oscar Wilde's lecture at Topeka, Thursday night.

Strawberries are 90 cents a quart in Kansas City. Please send us five strawberries.

Dr. Dodd, late Christian minister of this city, lately had a \$100 buggy stolen in Topeka.

Mrs. Sloan, accompanied by her grand children, returned to Las Vegas, N. M., yesterday morning.

A large acreage of corn is being planted this year than ever before. Corn will be plenty in Egypt.

The papers seem to speak in good terms of Leavitt's Minstrels, which perform here next Monday night.

Frank Dooley, the enterprising and successful agent of the Kansas City Journal, was in town last Thursday.

Mr. H. Hammer, county clerk of Lincoln county, celebrated his fifth wedding anniversary last Monday.

The iron work upon the cells at the jail is finished, and the room greatly improved by the change.

Flies begin to be troublesome and window and door screens are being anchored in their accustomed places.

The new German Singing Society are to hold a picnic in the woods near Mr. Bush's vegetable farm, on the Fourth of July.

Arthur Day is now in Chicago, employed by a lithograph house in sketching. He will enter the Art School in the fall.

Mr. John Anderson starts to-day for Robinson City, N. M., where he has an interest in a saw mill. He will remain until Aug. 1.

The list of bills allowed by the county commissioners at their late session is published on the fourth page of this paper.

The growing wheat is taking long leaps towards maturity. It makes "one's eyes water" to look out over the grand wheat fields.

Friday afternoon last was warm, windy and dusty. The next day was very cold and rainy, and overcast and fires were necessary.

Very few people in town last Saturday. The cold and disagreeable weather prevented their congregating in the usual Saturday style.

Revs. W. A. Skinner and Wm. Bishop, and Mr. D. L. Phillips attend the Presbyterian which commences at Clyde, Cloud county, to-night.

J. D. M. Conrad is employed in a store at Logan, Kansas. He represents some interests of R. B. Underwood & Co. have in the stock of goods.

The Methodistists will give a dinner and supper at the Lay Restaurant on May 19th. A good meal can be obtained for twenty-five cents.

Rev. A. J. Henson, of Merceburg, Pa., will preach in the English Lutheran church next Sabbath morning.

The M. E. church of this city last week raised fifty dollars for the congregation of Chapman Creek, who lost their church by the late cyclone.

A third boy brings much pleasure to the home of C. C. Culp, and the very mention of it carries many a sweet smile to the proud, paternal face.

A meeting of stockholders and lot owners of the Gypsum Hill Cemetery Association is to be held at the office of R. H. Bishop, Esq., on Monday, May 15.

The present sheriff of Trego county, Mr. Lucas, was once a resident of Salina. He was a partner with Mr. G. F. Supple in the agricultural implement business.

The ladies of the Episcopal church intend giving a strawberry entertainment some evening next week—the particulars of which will be hereafter announced.

A party of fishermen, one day last week, captured thirty nice "sun fish" in the brook on the Geis place, and had them cooked in royal style at a neighboring farmer's.

A Congregational minister, Rev. Dr. S. D. Stors, of Topeka, will preach in the Presbyterian church next Sabbath morning and evening. He is reported to be a fine speaker.

Mr. Jos. Moore, clerk of the district court, started for Trumbull county, Ohio, last Thursday night. His family have been visiting there for some time. He will be absent about ten days.

Mr. Greeley, Secretary of the Agricultural Society, has written to the officers of Fair Associations of eleven counties, proposing the District Fair plan. He receives no encouragement in the matter.

C. W. Engborg, brother of August Engborg—employed in the Grand Central Hotel, arrived direct from Sweden Monday morning. He belonged to a party of four, of which three are old friends of August Holmgren.

The Biffes were on drill Tuesday night, and made quite a martial appearance on our streets.

Our friend, Rev. Mr. Le Veau, pastor of the Swedish Lutheran Church, is gaining quite a reputation as a chemist. He has delivered a lecture before our High School, and will also deliver one in Kansas City on May 2.

Salina now shines in all her famous beauty. Her long avenues of trees, her pretty yards and cozy homes, make her the most attractive city in this part of the state. The strangers fall in love with her, our home people regard her with the deepest affection.

On account of the business engagements of Mr. H. F. Woolley, at Solomon, Mo., we understand that Mrs. Woolley designs making her home temporarily in that place. Misses Annie and Grace will remain at school in Salina.

Mr. J. T. Wells, the harness maker, has rented the room in Dr. Daily's block recently occupied by Maj. Herka, and will move his harness business to that place by the first of the month. Harry Herka retains a corner for his insurance business.

The fishermen are now fairly well rewarded for their labor in sitting under a hot sun, holding a pole and looking at the edifying current. Fish have been caught in large numbers during the past few days. Cat fish and buffalo, principally.

The young boys who tear down bills, break window glass and deface different articles about town should be severely punished. The names of a number of them are known, and they will soon be brought up and punished if they continue their bad practices.

Mr. Eckridge, who came to Salina only a few weeks since, was badly hurt on Saturday. Mr. Stiles' team ran away. The pole broke and overturned the wagon. Mr. Eckridge had his shoulder so badly hurt that he is confined to his bed. The wagon is said to be a total wreck.

The apprehended trouble between the Water Works Company and C. R. Underwood & Co., with reference to the location of the well for the water works, has been happily averted, and matters are now so arranged that work on the building for the company will be commenced within a few weeks.

The friends of John Geis & Co. will be pleased to hear that the affairs of the assignment will soon be wound up. To-day they commence paying an installment of 15 per cent on their indebtedness. This will leave only 10 per cent yet to be paid. Certainly a most happy issue of all their troubles.

Rev. A. M. LeVeau, the pastor of the Swedish Lutheran Church, illustrated his lecture on chemistry before the High School scholars, last Thursday night, with some very fine experiments. There were perhaps 250 persons present, who were very much pleased with what they saw and heard.

A great deal of complaint is heard about the condition of the old Dry Creek wooden bridge—directly west of town. It is said to be in a very precarious, tottering condition, and liable to fall at any time. The township authorities should either condemn it and close it up entirely, or proceed at once to repair it.

The Kansas Methodist speaks of Rev. Dr. Davis' return to Baldwin City in the following words:

The reception tendered Dr. Davis by his church here was radiant with welcome and good cheer. A formidable party captured the parsonage upon the evening of his arrival, to which the Doctor surrendered unconditionally.

The useful and ornamental sun dial, placed at the New York Store corner by Mr. Oscar Seltz, has already been mutilated by some vandal hand. The brass fixture was stolen and the marble broken last Thursday night. A man mean enough to despoil such an instrument as that, is by nature a vandal and scoundrel, and ought to be punished severely when found.

Many of our older citizens will remember Barnett Dixon (Barney, he was called) a commercial traveler who frequently visited Salina. It is his wife—Mrs. Jennie Dixon—aged twenty-eight years, well-connected and a society lady of St. Louis—who has gone off with a youth seventeen years old, leaving three small children at home. A hard blow on poor Barney.

The Gypsum Hill Cemetery Association is now on a sound financial basis. It is out of debt and has twenty additional acres to bring within its enclosure when needed. It owns \$30,000 worth of lots. It is proposed to straighten the road leading from town to the cemetery, and arrangements are now being made therefor. An assessment will soon be made for the much needed well.

The Executive Committee of the State Camp Meeting Association have decided to hold camp meetings at Topeka, Emporia and Salina. The camp meeting at this place will commence on Aug. 22. Rev. J. H. Lockwood will be in charge. The committee have decided wisely in holding one of their meetings here, as we are centrally located, and have the finest park in the state. No doubt a large crowd will be drawn here by the meeting.

Miss Carrie E. Moulton, of this city, formerly of Brownhelm, Ohio, was married on the 20th inst. to Mr. Abner Enoch, late of Pennsylvania, but now a resident of Leadville, Col. The ceremony was performed at Leadville by Rev. Mr. Wilson. Mrs. Enoch and her parents: Mr. and Mrs. William Moulton, are well known here and have many friends who will be pleased to learn of this happy event. The fair young bride has the best wishes of the JOURNAL force for happiness and prosperity in her new life.

Miss Lizzie Thompson, of Salina, is visiting Miss Lizzie Duncan and Miss Lamb—Topeka Commonwealth.

Dr. Switzer is all "broke up" over the information that the Cincinnati brewer has use for many tons of tobacco stems annually. He thinks the stems must be taking the place of the hops, and that at the present rate of progress the brewer will become a tobaccoist, and the tobaccoist a brewer.

Mr. Wm. Wells starts for Europe sometime next month. He will make his headquarters at Paris, visiting his brother, who is Prefect of the Seine. He designs running up to England sometime during the summer, and with his family will spend the winter months at the beautiful Italian lakes. A softer winter climate cannot be found upon the earth than on the southern slopes of the Alps, and by the blue waters of Como, Maggiore, Garda and other Italian lakes.

On Thursday last Mr. E. H. Loomis, clerk at the Pacific House, was married to Miss Anna Diffendaffer, a niece of Mrs. J. M. Postlewait. The ceremony occurred in the Pacific House parlors, and was conducted by Rev. A. J. Antrim. Only the relatives and immediate friends of the family were present. The evening was very pleasantly spent, and the guests were most agreeably entertained. It is usually the case at the Pacific House. Our congratulations are extended to this most excellent couple.

There was decision in her eye and confidence in his step. Though Nature had drawn a misty veil across the landscape; though the cold wind raged as if from across the bald summits of an iceberg, and April seemed turned into December; yet she lingered on, she pressed forward—driven by a restless impulse, and there was no mistaking in the bloodless determined lips—that she was bent on getting five yards of velvet trimming out of us to-day, if she had to keep every dog match in town dancing attendance.

Miss Ella Barnett, daughter of J. T. Barnett—late of this county, was married by Rev. H. S. Horner, of the M. E. church, on the 13th inst., at the residence of the bride's parents in Palmer, Kansas, to Mr. Geo. W. Outcalt. They make their residence in Missouri. A correspondent says of the event:

After partaking of a bountiful repast provided by the bride's parents, the happy pair took the train for their future home in Missouri, followed by the well wishes of numerous friends whom they left behind. Miss Barnett is an accomplished young lady, and we congratulate George on his success in winning her heart and hand.

The Leavenworth, Topeka and Southwestern Railway company re-commenced track laying in Union township, Jefferson county, on Friday, and expect to be through that township, a distance of five miles, in ten days. All the grading to Topeka is finished, except a mile and a half of heavy cutting between Oskaloosa and Oskaloosa, and most of the culverts are in. Preparations are all made to commence grading beyond Topeka as soon as the track gets into the city. The bridge over the river will probably not be completed before September. The General Manager, Manchester, expects to be in shape to get the aid voted by Union township, Jefferson county, by May 1st.—Leavenworth Times, April 20th.

The editor of the Moline (Ill.) Citizen, writing of the late Handel-Ottorio and his visit to Salina, says:

At McPherson, Mrs. A. Engstrom, of Salt River, Mo., and her daughter, kindly filled the place of Miss Lydia Andreen, who was temporarily disabled in voice, in that gem of songs, "I know that my Redeemer liveth." This kindness on the part of Mrs. E. was highly gratifying to audience and society. Ere we close this article, we must make acknowledgment of the kind hospitality shown this organization. Wherever they went open hearts and hands and homes received them in the most generous manner, even as public houses, as the Grand Central Hotel at Salina, harbored, without charge, the whole orchestra during its stay in Salina. Mr. J. M. Erickson, its gentlemanly proprietor, did himself and the boys a great honor by this liberal act.

Several dogs known to be rabid, or liable to be in that condition, have been shot by the City Marshal. On Sunday a dog with all the symptoms of "mad" was shot near the depot. Monday morning a mad dog came rushing down Santa Fe, frothing at the mouth, and was soon after despatched, but not before he had bitten other dogs which, in their turn, had to be shot. Quite an alarm existed all day Monday, and people very naturally were on their guard as dogs passed them. The Mayor or will be upheld if he shall require all dogs to be tied up at home, or shot. It is a time when the most summary measures with the canine race will be authorized, and we believe it is the purpose of the Mayor and other officers to so act as not to put one human life in jeopardy. It is war to the knife against the dogs.

On last Thursday R. A. Baird, of Greeley township, died of hydrophobia. Nine weeks ago that day he was bitten by a dog not then known to be mad. It was in the night time that he was aroused by the barking of a strange dog, which was disposed to quarrel with his own dog. Going out doors he made an attempt to drive the dog away, when the animal pounced upon him and bit him in several places. Mr. Baird, although ill at times, was not alarmed until the first of last week. At the last he exhibited all the symptoms of that dread disease, hydrophobia, although he was not as furious as people afflicted with this disease sometimes are. He was a homeopathic physician, we understand, was forty years of age, and has been a resident of this county only about a year. He was a brother of the well-known farmer and stone-quarryman in Greeley township. He was a Mason and was buried with Masonic ceremonies last Saturday. This sad affair has caused some alarm in the community, and people will be on their guard against mad dogs.

The Salina Lodge No. 28, I. O. O. F., celebrated the 524 Anniversary of Odd Fellowship, at their Lodge room, last evening. The Salina Band was present. Among the fine musical performances of the evening were a solo by Mrs. Aug. Engstrom, and a duet by Mrs. Aug. Engstrom and her sister, Miss Breton; three quartettes from Messrs. Shute, Bond, Wildman and Gibbs; a duet from Messrs. Wildman and Harry Nickles and a performance on the violin by Mr. A. B. Lyon. Lively speeches were made by Messrs. Bond, Switzer and Bondi. The supper—an excellent one—was served at the Delmonico. The young people participated in a pleasant hop in the room below the hall.

Owing to the depression in the market for railroad bonds, and following the example of other roads, the Leavenworth, Topeka and Southwestern railway have determined to reduce expenses the first of the month—and their services being no longer necessary following officers have resigned: G. O. Manchester, general manager; Robert Appleton, chief engineer; C. E. Faulkner, disbursing agent, besides several other minor ones. Colonel W. T. Johnson, from the Toledo, Cincinnati and St. Louis railroad, takes the position of superintendent of construction and operation and will finish the work to Topeka and operate the road when completed. We are sorry to lose the old superintendent, but they may utilize the fact that the interests of the new road demand this action on their part. They have done good work under his charge.—Leavenworth Times, April 21.

Mr. I. Rothschild, of the firm of Litwisch, Wolseifer & Co., died in Kansas City last Monday evening. He had been in ill-health for some time, and gave up business and left Salina several weeks ago, hoping to be benefited by a short absence. He experienced no relief, however, and died after several days sickness in Kansas City. His son Joseph went to Kansas City about two weeks ago to give his father such assistance as he could. Mrs. Rothschild and Miss Rothschild have gone there since then. He was buried in Kansas City. Mr. Rothschild was in his fifty-ninth year at the time of his death. He was engaged for several years in Salina in company with his son in merchandizing, until the firm of Litwisch, Wolseifer & Co. was formed. He commenced business here in 1873, leaving a widow and a large family of children. The bereaved family have the sympathies of a large circle of friends and acquaintances.

Many have asked us if the Topeka, Salina & Western Railroad is "gone up." We can only say that all we know about the matter is contained in the extracts from papers published this week. Our belief is that if the officers mentioned have resigned, and that the road will be stopped at Topeka, it is only a temporary suspension of business, and that a full railroad bond market has prevented an immediate extension of the road. Railroads cannot be built without money. Railroad construction is dull every where. We have believed from the first that a road would be built over the line laid out by the Topeka, Salina & Western. We have believed it because it is as feasible a route as any in Kansas. A road from Leavenworth to Topeka alone cannot be made to pay. A company which possesses such valuable franchises as have been voted by the people between this place and Topeka to the Topeka, Salina & Western cannot afford to throw them away. The road must come sooner or later, and some form it will come. That is our belief.

The following is the programme for the Salina Literary Society, Friday evening, April 28.

"This bridge is condemned. All who pass over it do so at their own risk." How long can Township Trustees keep a death trap open? That bridge over Dry Creek, near John Sieler's, is crossed by many every day. Somebody will get hurt and the township will learn that a condemned bridge cannot remain open for travel for months.

DIED—At the Pennsylvania House, this city, April 26th, the little son of Edward Newman, aged 1 year, 11 months and 10 days. The funeral services occurred the following day at 2 o'clock P. M., and were conducted by Rev. A. J. Antrim.

Church Services Next Sabbath.
PRESBYTERIAN CHURCH.
Owing to the absence of the Pastor in attendance upon the annual meeting of the Presbytery, there will be no Presbyterian services next Sabbath except the Sabbath School, at 2:30.

From the annual report of this church to the Presbytery, as read by the pastor last Sabbath, it appears that it has enjoyed another year of prosperity and growth. Its record for benevolence is especially good, having contributed over \$300 to the various objects of church benevolence abroad, besides much home benevolence. The total amount of money raised by the Society for all purposes during the year was \$2,306.25.

The new male quartette at the Lutheran Church is giving splendid music. Go and hear them.
Sabbath School at 9.

SECOND M. E. CHURCH.
Rev. W. W. Wright, pastor.
It was announced on Sunday in the first and second M. E. churches, that Rev. J. A. Simpson, P. E., of the Manhattan district, would preach at the second M. E. church; but he has since written to the pastor of that church, that the Kansas Methodist, the paper that does the printing making such announcements, made a mistake in the date. It should have been the 28th instead of the 27th. As there may be some disappointment to those who expected last week will be continued, he will preach on 28th inst., at eight o'clock.

CATHOLIC CHURCH.
Rev. P. Maurer, priest.
Hours for divine service:
8 o'clock A. M., Low mass and instructions.
